1. PURPOSE OF LOCAL GOVERNING BODIES (LGB)

The Trust Board is legally accountable for the performance of each Academy. The Board requires the active support of LGBs to provide assurance of effective governance at individual Academy level and to oversee and hold their schools to account for educational performance.

LGBs in LiFE make some decisions as outlined in the Scheme of Delegation in the second part of this document but in the main the trust Board is the accountable body. LGBs are not responsible for operational matters or direction of the Headteacher.

LGBs are responsible for holding the Headteacher and senior leadership of the school to account and for providing assurance to the Trust Board. They also support the head and executive team of their school to undertake their local leadership role as well as acting as a group to reflect the needs and views of the local community in which their school operates. It is important that LGBs understand and agree with the values and mission of LiFE Multi Academy Trust.

The purpose and expectation of the LGB is therefore, within the scope of delegations approved by the Trust Board from time to time, to:

- a. Provide assurance to the Board that the quality of education, academy improvement and strategic direction of their Academy are consistent with the educational objectives of the Trust, the agreed School Improvement Plan (SIP) and the Vision and ethos of the Trust;

- b. Hold school leaders to account for the quality of education and the educational performance of their school; and
- c. Establish a termly view of the quality of education at the Academy and of the effectiveness of the educational performance and (via the minutes of termly meetings) report this to the Trust Board, drawing attention of Trustees to any concerns or emerging trends in relation to which Governors have concerns or consider they have not received a satisfactory response.
- d. Develop mechanisms and processes to take the views of stakeholders into account for their school in the context of the vision and values of the trust as a whole.

Other responsibilities of the LGBs are:

- i. providing understanding of the local context and the challenges and opportunities this presents
- ii. acting as a sounding board for the school's leadership team by providing support and challenge to the school's leadership team
- iii. having an awareness of school standards and performance
- iv. having an awareness of the school's finances and monitoring spending against the agreed budget
- v. having awareness of how the school supports the welfare of looked after children, and provision for children with Special Educational Needs and Disabilities
- vi. providing members for pupil and staff disciplinary panels and complaints hearing
- vii. building and maintaining positive local perceptions of the school
- viii. building and maintaining relationships with the local and regional business community
- ix. building and maintaining relationships with community partners (e.g. health services, police, social services, religious organisations) and identify potential sources of financial support from the school community and support school leaders to access these.

2. CONSTITUTION AND MEMBERSHIP

Local Governing Bodies shall comprise:

- a. two elected Parent Governors (in extremis, if there are fewer candidates than vacancies, parent governors may be appointed by the LGB but the LGB will use its best endeavours to hold elections);
- b. a maximum of six Community Governors subject to a minimum of 4. (Community Governors are people appointed by the LGB. Community Governors may include parents of children at the school and ideally should be identified from those organisations with whom the school has partnerships or close relationships);
- c. the Head Teacher (ex – officio);
- d. two Staff Members (one member of teaching staff and one member of support staff). ^{see note a}

Permitted Minimum Governors : 9

Permitted Maximum Governors : 11^{see note b}

NOTES

- a. *In circumstances where the LGB is unable to recruit from one of those groups of Staff then the opportunity may be opened to the whole Staff group but the term of office will be for a period of 2 years at which point the position will be reviewed. In these circumstances a request may be made to the Head of Governance for a temporary variation to the Constitution.*

- b. Where an LGB considers that the total number of Parent or Community Governors should be varied to accommodate additional skills or to improve the effectiveness of the LGB, subject to the formal approval of the LGB of the case in support of this, a request may be made to the Head of Governance for a temporary variation to the Constitution.*

Associate Members - LGB's may appoint Associate Members, please note these roles are **NOT** Governor roles. Associate members must not be seen as a means of 'adding' people to the governing body: the role of Associate Governor does not exist. A Governing Body can however appoint an Associate Member if there is a genuine need for their skillset and/or experience. The role can also be used to introduce prospective Governors to the workings of the Governing Body as it gives the individual first hand experience of how their skills will be applied and allows other Governors to determine whether the individual has the necessary skills to be appointed as a full Governor. Provided they are appointed correctly and their remit is fully understood, Associate Members can be a valuable addition to a governing body. They can be useful if a Governing Body has identified a skills gap and is unable to fill this with a serving Governor or the skillset is only required for a specific period of time. Where a governing body wishes to appoint an Associate Member(s) a request may be made to the Head of Governance.

Quorum

Any three governors will constitute a quorum, provided always, that non-Staff Governors form the majority of those present.

Frequency of Meetings

Meetings will be held twice each term (six per academic year). Additional meetings may be arranged if required. The dates of the Trust Board meeting will be shared with the LGB's during the Spring Term. The LGB's will then set their dates during the Summer Term (This is to ensure that LGB meeting dates do not clash). The Governance Team will add all dates to the calendar annually which is available on the Resources area of Governor Hub.

Attendance

The Headteacher will normally attend all formal meetings of the LGB.

At the discretion of the Chair, other members of staff (non LGB members) may attend and may participate in/present to the meeting. The Chief Executive, Chief Finance and Head of Governance and any Trustee may attend and report to any LGB meeting. The LGB Governance Professional will be present throughout all meetings.

Meetings may be organised face to face or virtually (ie "on-line") or in a hybrid format with some attendees meeting in person and others on-line. School/Trust Staff and the Governance Professional should use their best endeavours to ensure meetings are accessible to all governors.

Should a governor not attend a meeting during a six month period the LGB may, at its discretion, resolve to remove a governor.

3. AUTHORITY AND DETAILED DELEGATED FUNCTIONS

The Trust Board reserves the right to vary or withdraw any delegation to any LGB where Trustees consider that it is in the best interests of the education of students or the management, governance or resource allocation of the Trust or an individual Academy to do so. It should be stressed that such an action would be deemed highly unusual.

In some extreme circumstances, the Trust Board with advice from the CEO, has the right to disband an LGB that fails to serve the school in the appropriate manner.

Subject to the above, the role and responsibility of the LGB is to provide assurance to the Trust Board that the quality of education and academy improvement are consistent with the educational objectives and Vision of the Trust. Specifically:

a. School Performance and Improvement

The Headteacher is responsible for school performance and improvement and is accountable to the Chief Executive, Trust Board and LGB.

Governors are asked to focus oversight and challenge on, and to seek evidence of the quality of education at their school, especially:

- i. oversee the Curriculum, its intent, implementation and impact, in line with the Curriculum principles of our Trust
- ii. provide constructive challenge to the Headteacher and Academy leadership to account for and evidence actions and outcomes reported to them;
- iii. understand and review progress in relation to Academy improvement targets (the School Strategic Wheel), attainment and progress data and the comparison of these with outcomes elsewhere within the Trust and locally and nationally;
- iv. understand the issues facing the school, the parents and carers of children attending the school and the local community; and
- v. seek assurance, and satisfy themselves that appropriate and timely actions are being taken to deliver high quality education and academy improvement targets in addition to adherence to and delivery of the values, vision and ethos of the Trust, in a manner appropriate to the specific qualities and community characteristics of their Academy.

The LGB is also required to take oversight, provide assurance to the Board and hold the Headteacher to account for:

b. Safeguarding, SEND and other vulnerable groups

For this purpose, the LGB will appoint a lead Governor(s) (i.e. a Named Governor(s)) with responsibility for oversight and assurance to the LGB as to the effectiveness of safeguarding in the school, the effectiveness of the SEND offer and the quality of education and performance of children in these groups). Training and a description for this role will be provided.

c. Pupils and Community

The Trust relies on LGBs to be its “ears and eyes” for the communities it provides for, as set out in [Section G](#). The LGB is required to undertake annual surveys, or other means, to ensure they are aware of the views and needs of the pupils, parents and wider community that they serve.

d. Risk Management

Maintenance and accuracy of the school Risk Register including, through regular review, that risks, risk scores and risk mitigations remain relevant.

e. Financial Management

Management of the school budget is an operational matter. LGBs will have access to the monthly management accounts so that members of the LGB have an awareness of the school's budget and will see how planned income and expenditure is progressing during the year. The Headteacher will provide an explanation to the LGB for any significant variances to the monthly management accounts to assist their understanding.

f. Value for Money and Quality of Education

The role of the Local Governing Board will be to provide support and challenge to the Headteacher of the academy in ensuring that every child makes good or better progress, and that parents and carers are fully involved in their child's education. The Board will provide assurance to the Trust Board regarding the quality of education and care for all learners within the academy and ensure effective engagement with local stakeholders.

g. Complaints

All complaints must be dealt with strictly in accordance with the Trust Complaints Policy and procedure. Governors receiving a complaint will, in the first instance, refer the matter to the Headteacher (or to the Chair of the LGB if the complaint is about the headteacher).

h. Lead Governors

In addition to lead governor(s) for safeguarding, SEND and other vulnerable groups, the LGB is required to appoint a governor as the lead for each "spoke" of the Strategic Wheel, Pupil Premium and for Governor Training. The LGB may appoint lead governors for other issues. This may require some governors to 'lead' on more than one strategic area. The role of all lead governors must be agreed between the LGB Chair and Head of Governance in order to ensure that the role does not encroach onto the operational/delegated authority of the Head. Role descriptions for each lead governor, once agreed in principle with the trust, will be designed to meet the requirements of each school at the discretion of the LGB.

i. People and Personnel Issues

People and Staffing matters are operational issues for which the Headteacher is wholly responsible and accountable to the Executive. Governors may however be called upon to participate in staff-related Panels – see below. The Headteacher will include in the termly report, for information only, relevant staffing developments. This will include arrangements for teaching.

j. Policies

There are three categories of Trust Policies (Schedule – Appendix A). With the exception of Category 3 Policies, all Trust Policies must be agreed and/or reviewed in accordance with the Scheme of Delegation (Policies). In terms of **Category 3** policies the LGB/School are expected to ensure that the policies reflect current guidance/legislation and are reviewed at regular intervals.

The Policy categories are:

Category 1: Trust Policy, approved by the Trust Board this cannot be changed and will be put on the Trust website and a link published on the school website, these policies will be reported to the LGB for information. LGBs may be consulted on such trust wide policies as appropriate.

Category 2: Trust-wide policy, these policies will be produced by the owner (member of the LiFE Central Team), the policy is then distributed to schools to add additions only where the owner has agreed they can do this based on local

arrangements, the schools send this back to the owner who checks all 10 policies. The original overview is sent to the Trust Board for approval with a note to say that all 10 local policies have been checked by the owner
Category 3: School policy *trust wide statement of intent* a model policy will be provided for alignment and consistency but this can be adapted by the school and should be approved at LGB level. All policies are available on the [Policy area of Governor Hub](#).

k. Governor Panels

All Governors may be called upon, subject to training, to serve on Trust Governor Panels relating to:

Staff Grievances
Staff Disciplinary Appeals
Pupil Exclusions/Suspensions*
Complaints

This list is not exhaustive and full training will be provided. Associate Members may also sit on Governor Panels but the majority of the members must be Governors. *the exception is Panels to consider Pupil Suspensions/Exclusions as the guidance states Governors.

l. Scheme of Delegation

The key delegated responsibilities are described in more detail earlier in this document. They are summarised here for ease of reference:

- i. supporting the Trust's strategy and development plan
- ii. providing understanding of the local context and the challenges and opportunities this presents
- iii. acting as a sounding board for the school's leadership team by providing support and challenge to the school's leadership team
- iv. having an awareness of school standards and performance
- v. having an awareness of the school's finances and monitoring spending against the agreed budget
- vi. having awareness of how the school supports the welfare of looked after children, and provision for children with Special Educational Needs and Disabilities
- vii. providing members for pupil and staff disciplinary panels and complaints hearing
- viii. building and maintaining positive local perceptions of the school
- ix. building and maintaining relationships with the local and regional business community
- x. building and maintaining relationships with community partners (e.g. health services, police, social services, religious organisations) and identify potential sources of financial support from the school community and support school leaders to access these

In extreme circumstances, the Board of Trustees has the right to disband an LGB that fails to serve the school in the appropriate manner. In less extreme circumstances the Board may temporarily remove some delegations from the LGB. This should be seen as a provision of support and is not meant to be punitive.

This Scheme of Delegation is structured in accordance with the functions –

- a. **Governance**
- b. **Strategy and Quality – Leadership, Services, Compliance**
- c. **School Improvement**
- d. **Human Resources**
- e. **Estates and Technology**
- f. **Finance**
- g. **Community Engagement**

The Trust Board is accountable for ensuring all the following actions are taken.

Under each function the role of each level of governance is identified using the key:

E = Executive

LGB = Local Governing Body

HT = Headteacher (or Executive Headteacher)*

(*Where a school has an Executive Headteacher, a local agreement will be made that clarifies the arrangements and responsibilities between the Headteacher and Executive Headteacher. These arrangements will be reviewed annually)

Each of these roles accept the following functions –

DELIVERS

Those responsible for delivering the task, they ensure that it is done.

SUPPORTIVE

Those who provide support to those responsible for delivering the task.

CONSULTED

Those whose opinions are sought, and with whom there is two-way communication.

INFORMED

Those who are kept up to date on progress and key information.
