

Autumn 2025

Provision of PE and Sport

- BFPFA believes that Physical Education plays a vital role in contributing to a child's physical and emotional development and well-being. We believe that PE lessons at our school provide a platform to encourage and motivate our children in extracurricular sporting participation.
- As a school, we aim to provide as many sporting opportunities as possible for all of our pupils, both within the curriculum and outside of it, as well as competitive opportunities.
- Physical movement of any kind is fundamental in allowing our pupils to grow into healthy and active children.
- Currently we offer a wide range of sports across the school including football, basketball, dodgeball, multi-sports, rounders, athletics, cricket, yoga, dance and movement and badminton.
- This proposed spending will enable the school to build on the quality of our PE and sports provision.

Our vision for PE and sport

As a school we will:

- Develop a sustainable and coherent sports programme throughout the whole school.
- Raise the confidence level of teachers delivering PE lessons as well as support them to become competent in doing so
- Offer a broad and balanced PE programme which is accessible to all.
- Ensure that all groups of pupils are inspired by what we offer and participate in both individual and team activities.
- Increase our frequency and quality of sporting activities and build on what we already offer.
- Carefully target disengaged pupils and develop their interest in a range of physical activity
- Increase our participation in competitive team sports within Leicester.

Intent	Implementation	Estimated Cost
To support staff to develop both their subject knowledge and ability to effectively teach PE lessons through the use of sports coaches to support, team teach and upskill. This will ensure that quality PE is being taught and BFPS teachers are able to deliver a progressive and purposeful curriculum.	Sports coaches will support with PE lessons and extra-curricular sports clubs across KS1 and KS2	£13,500
The transport will allow pupils to participate in citywide competitions and school league sports. Children will be selected for such based on varying factors, dependent on the competition. Factors include: ability, SEND, BAME, gender and disadvantaged. Through such participation, our pupils grow in confidence, ability and self awareness.	Transport to and from Sporting events across the city.	£1,500
Entry into the football leagues will allow children including those who are SEND, BAME, PP and disadvantaged to experience team sport and competition.	Entry into both boy and girl football leagues.	£600
School sports equipment will support the curriculum (REAL PE) and extracurricular activities.	Curriculum and club specific resources.	£3000
